## A Note On Twinkles

In the Suzuki tradition, every student begins their musical journey with Twinkle Twinkle Little Star and its variations as carefully prepared by Dr. Suzuki himself. It is the first piece, the first big victory and the first moment a violinist realizes they can MAKE music. Today, we close our program where we all began- as a celebration of how far we have all come.

Our most advanced students play their Twinkles alongside the newest violinists, you will hear the full arc of this work. We end with Twinkle to remind ourselves that great musicianship is not about leaving the beginning behind- it is about returning to it with deeper ears, a steadier bow and a much fuller heart.

Much Love,  
Ms. Chloe & The TSV Family
